A rectangular illustration with a dark, textured background. It depicts a small boat with a single figure on a body of water, with stylized clouds or smoke rising from the boat. Overlaid on this illustration is the title "CLASS BOEM" in large, bold, serif capital letters. The letters are slightly shadowed, giving them a three-dimensional appearance as if they are floating above the scene.

For four years we have labored;
We have worked hard night and day;
Knowledge, of course, was our chief aim,
Though it did seem far away.

We have learned our schoolday lessons—
Taught by our teachers dear.
They have helped us in our struggle;
We shall miss them much I fear.

And now we're ready to depart,
Work out our own careers;
We pledge to those who've trained us
Our best throughout the years.

Go forth with gladness in your heart
And always wear a smile;
We'll always find our troubles,
But they'll not our lives beguile.

Push out on your voyage of life
With a sure and steady bow.
Don't rest because you've finished school,
Life's just beginning now!

Fight every foe undaunted
Until each strife you've won,
And life will seem more serious
Instead of just mere fun.

"Tonight we launch" 'tis sad but true
And part with many a tear;
We'll watch the course which we pursue,
So we'll anchor without fear.

FLORA E. ROTHGEB.

CLASS HISTORY

One bright sunny day in September, 1921, saw the Class of '25 enter old L. H. S. fifty-nine strong. Those were the days of our old assembly hall, in which we gathered every morning for opening exercises. At that time we didn't realize its full value until later when it was snatched from us and made into classrooms during our Christmas holidays. We objected very much to having our old stage taken away just at the beginning of our high school career. That year we were initiated into the mysteries of algebra, English, science and Latin, much of which we found distasteful to our unsophisticated minds. But finally we stood on the threshold of our Sophomore year.

We entered this class with far more buoyant hopes than the previous year. We were fifty-three in number, and, of course, we all came back realizing that we should have to work harder this year. We had a difficult course of English, Latin, geometry, manual training and domestic science. That was the first year of our manual training shop and we boys were glad to enter a new field in which to work. Many were the concoctions and decoctions which the girls managed to evolve in the domestic science class. When we were given our reports June 1 fifty wore the smiles of Juniors.

In 1923 as Juniors we took our place forty-four strong. We had a good chance of being the largest graduating class Luray had as yet produced, and we hoped that each one would secure a firm foothold so as to make sure of each single step. We realized that that year's work was much more difficult than anything we had theretofore encountered. Our course was composed of Latin, English literature, trigonometry, economics and social problems. But by dint of hard labor, accompanied by a little exercise of our gray matter and much fun, we finally stood on the threshold of our Senior year.

Nineteen hundred and twenty-four was our Annus Mirabilis, not in the sense that we did anything so great, but that we had so much to accomplish ere we received our sheepskins. Briefly summarizing our course, we had physical training, civics, chemistry, American literature, American history, and, besides our regular course, there was our thousand-word theme, the class play and the work necessary to produce the annual, which was certainly no little amount. That was the first year our school had physical training. Almost every Senior had a squad of some lower grade which he or she would drill. The class play for 1925 was "Sherwood," a very fascinating play by Alfred Noyes. Though there were only ten boys, we were a class of thirty-eight, the largest that Luray has as yet graduated. "Tonight we launch. Where shall we anchor?"

CLASS PROPHECY

Preparatory to writing this prophecy, I was sitting in my study collecting my thoughts when I fell asleep. In a dream which came to me I was again with all of my classmates and we talked gayly of the joys and sorrows, triumphs and adversities which we had encountered since beginning the struggle for ourselves on "life's unresting sea."

Eager, of course, to acquaint ourselves with the career of each individual, it was revealed to us that these were the chosen vocations:

Class Will

WE, the Senior Class of 1925, of the town of Luray, County of Page and State of Virginia, being of sound and disposing mind and memory and being desirous of settling our scholastic affairs while we have strength and capacity to do so, do, therefore, make our last will and testament, this first day of June in the year of our Lord one thousand nine hundred and twenty-five.

To such estates as has been given us, we do dispose of as follows:

To the faculty in general we give our appreciation of their aid and services during the past years.

To our respected superintendent, Mr. Booton, we give a bunch of forget-me-nots so that we may be remembered in future years.

To Miss Bessie Campbell we give our success and happiness.

We give and bequeath to our principal, Mr. Totten, the care of the Seniors of 1926.

To Mrs. Heiston, our beloved English teacher, we give all the love and blessings she may want. We are indebted to her for her faithful work and encouraging words during our high school days.

John Rothgeb bequeaths to Miss Broyles one foot of his enormous height.

To Miss Braford, our biology teacher, we will a box of "dates."

We give to our beloved Latin teacher, Mrs. Hudson, our Caesar books to be used in future years.

To Miss Gravett we bequeath a new chemistry class.

We give to Mrs. League our geometry books to be used in 1925-26.

We will to Miss Amiss a new three-legged piano stool to take the place of the chair.

To Mrs. Berry we will a class of "good boys" for 1925-26.

We give the Freshmen the following advice:

"Labor omnia vincit." Learn to work if not to win.

To the Sophomores:

May they spend the rest of their high school days in quiet and content and be encouraged by the Class of 1925.

To the Juniors we give and bequeath the deficit of the "Golden Stairway."

Lastly, we give all the rest, residue and remainder of our dignity, our pep, our wishes, our school spirit, our books, and our graft with the teachers to the members of the Class of 1926, share and share alike, and to their heirs and assigns forever.

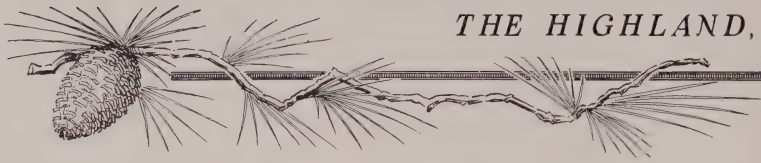

To the Board of Trustees we leave a bank account of "Tuition" to pay off the school debts.

To the Athletic Association we will a football of magic power which will win many victories for them.

Although we must leave these old walls, we are sure the advice given us will be a great help in future years. And when we look back upon the dear old days spent at L. H. S. there shall always appear a vivid picture of our teachers and advisers.

(Signed) ELSIE M. BROYLES,

Executrix of Will.

LURAY High School, while not standing on the top in all lines of sports, has made a very creditable showing and is justly proud of its record. In baseball our school has been a leader in the game, for the years of '20, '21 and '22 leading the high schools in this division and putting on the field one of the best nines among the high schools in the states. The last year's team made a showing of which the school is proud, winning eleven and losing only one.

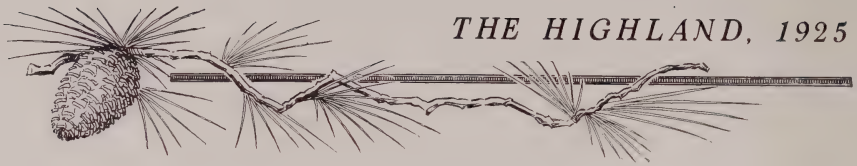

In football the Luray teams have always shown an aggressive spirit. Eight years ago football, as it is now played, was just being introduced into our school. Since then the school has been represented each year and has up to the present year shown itself master in the divisional field. This season a new team was developed, only a few of the regular team of last year being back, but under the able coaching of Professor Totten a large number of new men were developed and much is expected of the new team.

Basketball is even newer at the Luray High than football. For several years the girls of the school have shown great spirit and development in this sport and have succeeded admirably, but the boys' team, having just been organized and plunging into a game previously unknown to them, has not made a very good showing. However, the spirit has never been lacking, and with a year or two of development a leader in this line can be expected. On the annual Page County Field Day, held at Luray, our athletes acquitted themselves very commendably and ranked first in many of the events, easily winning the meet.

Naturally, it is unknown as to the teams in these lines of sports that will hereafter represent the school, but a good future is predicted, and an ever-prevailing attitude of good sportsmanship will be shown by the teams representing Luray. With this in mind we rest assured that Luray's place at the top will never be disturbed.

THE HIGHLAND, 1925

ORGANIZATIONS

Activities

The Mask and Wig Club has given one play, "Cats on the Brain," and also one minstrel show.

Officers of the club:

CLETUS LAWLER	<i>President</i>
KATHLEEN CARY	<i>Secretary and Treasurer</i>

There was a county teachers' meeting held at Luray High School September 26, 1924. Lunch was served by the high school girls and teachers. After lunch twelve Senior girls gave an exhibition of a number of physical exercises. Dinner was served at six o'clock. The High School Orchestra furnished music for the occasion.

Our school had a straw vote on November 4, 1924, for president and vice-president. There was much excitement throughout the school and everybody who voted paid ten cents poll tax, which is to go toward erection of a gymnasium. The Democrats won the election with a large majority.

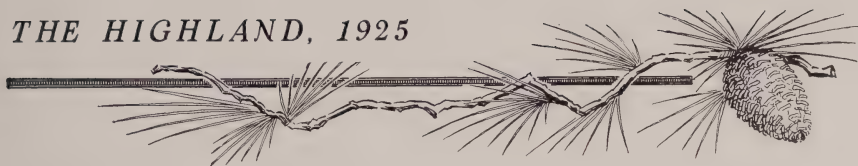

Our school observed Educational Week, November 17 to 21, inclusive. Wednesday, 19th, was set apart as Visitors' Day. The pupils of the school sent invitations to their parents and friends, inviting them to visit the school and observe the usual routine of work. There were many who responded to their invitations and seemed well pleased with the work the pupils were doing. The visitors were shown the building by a number of the high school boys and girls. All the visitors voiced their appreciation of the courtesies shown.

The school orchestra has been furnishing music for marching at school. The members are:

MISS RUTH AMISS	<i>Piano</i>
WILLIAM HARNSBERGER	<i>Saxophone</i>
FRED KAUFFMAN	<i>Coronet</i>
HAROLD KAUFFMAN	<i>Coronet</i>
JAMES HOLTZMAN	<i>Drum</i>

The school is divided into squads for physical training, each grade representing a squad. At the beginning of the year the teachers were in charge of the squads, but after some weeks of active training leaders were taken from the Junior and Senior squads. These leaders have been in charge of the squads since that time and are at present training their squads for an exhibition of their exercises to be held in Caverns Park April 24, 1925.

Field Day was held at the Luray ball park April 24. At nine o'clock the high school marched in squads to the park and back to the schoolhouse, where they were dismissed. The crowd then proceeded to the ball park, where the field events were

held. After many weeks of hard practice Luray's champions were chosen to compete with the contestants of other schools.

Of a number of schools represented in the parade, Mud Pike School took first honors, and of the Luray squads the best girls' group was the high school Freshman squad, led by Virginia Price, and the best boys' squad was the sixth and Theta squad, led by James Holtzman.

The track meet proper was reduced in high school to a dual meet between Luray and Stanley, owing to the failure of Shenandoah to send a delegation. The elementary school boys' department was a win for Luray, with 50 points, Stanley having 43, but the girls' results changed the standing, as Stanley added 53 to Luray's 24. The Stony Man School did excellent work, garnering a total of 33 points for both boys and girls in the grades. In the high school events the Stanley girls emerged with 48 points to Luray's 33 tallies, but the boys' score sheet showed Stanley with but 26 credits which Luray cashed in to the extent of 78, thus determining the meet.

The Senior girls and boys served sandwiches, candy, ice cream and soft drinks to the famished public.

A baseball game with Shenandoah High School was played in the afternoon, the score being eight to four in our favor.

Peter Pan, a picture, was shown at Page Theater afternoon and night of April 20 and 21 for the benefit of the HIGHLAND. The Glee Club sang the song "Peter Pan," and after the show a number of copies of the song were sold to the public. The picture was a great success.

"The Alaskan," another picture, was shown at the Page Theater afternoon and night of March 16 and 17 for the benefit of the Athletic Association.

The debating team of Luray High School, the members of which are Gertrude Stewart and John Rothgeb, went to Bridgewater, Va., Friday, May 1, to compete with other contestants of this district. The team had a very close debate with the Clark county contestants, who eventually won, not only over our team, but over all others.

The Tatler

Among the new activities of the school—one which we are bound to admit ourselves has not only been constantly before the public, but has excited much favorable comment—has been the *Tatler*. Through the kindness of the owner and editor of the *Page County News and Courier*, we have been given a weekly department of two columns which the *Tatler* staff has tried to fill with newsy items of school interest and representative literary attempts.

We desire to express here our thanks to Mr. Lauck for his generosity and co-operation in our first literary periodical venture, and our hope that the *Tatler* will continue to flourish and tattle until it attains magazine maturity.

The staff for 1924-25 was:

Mr. Totten: "Cletus, why are you always late to class?"

Cletus Lawler: "Because of a sign I have to pass."

Mr. Totten: "What has that to do with it?"

Cletus: "It says, 'School Zone—Go Slow.'"

* * *

Loyd Bowers, coming into the room with a rather peculiar expression on his face, was noticed by Mrs. Heiston.

Mrs. Heiston: "What is the matter, Loyd?"

Loyd: "My mouth is all burnt on the inside."

Mrs. Heiston: "How did that happen?"

Loyd: "I've been whistling 'Red Hot Mama.'"

* * *

Mr. Totten: "Barrett, if you expect to do any real track work, in addition to regular practice, you'll have to take a half-mile run every morning on an empty stomach."

Charles Barrett: "All right. Whose?"

Miss Braford: "What effect does the moon have on the tide?"

Edwin Campbell: "None; it only affects the untide."

* * *

Miss Gravett: "What can you tell me about nitrate?"

Charles Hall: "Well—er—they're a lot cheaper than the day rate."

* * *

Earl Kauffman: "Last night I made an awful mistake."

Elza Smith: "That so? How come?"

Earl: "I drank two bottles of gold paint."

Elza: "How do you feel now?"

Earl: "Guilty."

* * *

Professor: "Abe, what is your first name?"

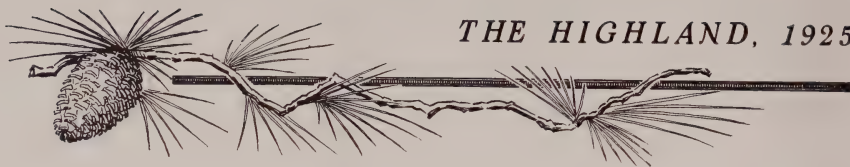

Abram Brubaker: "Mister."

* * *

Henry Gander: "Dad, can you sign your name with your eyes shut?"

His Dad: "Certainly!"

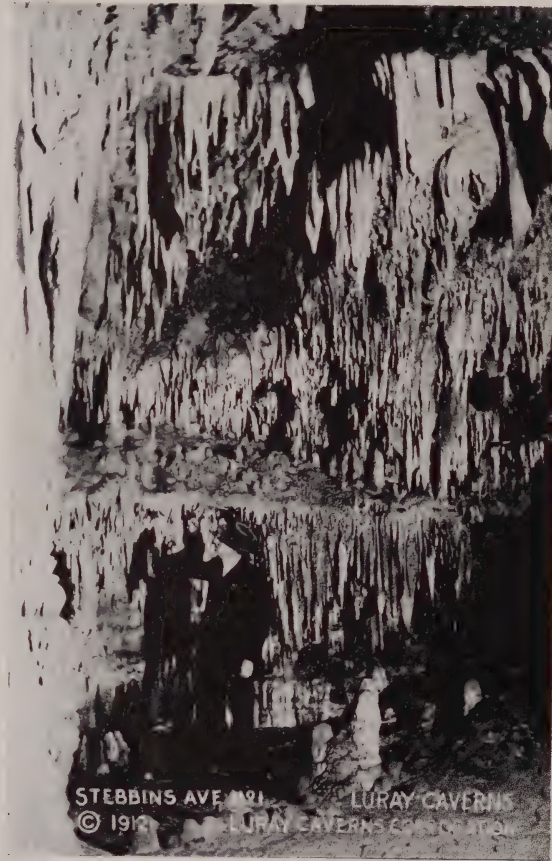

Henry: "Well, then, shut your eyes and sign my report."
